The Beautiful Dutch Iris

Delkin's Puget Sound Bulbs
INCORPORATED
BELLEVUE WASHINGTON

FOREWORD

OUR BUSINESS is growing and selling bulbs of the highest quality. Being in the best bulb-raising section in the world, we have the natural advantages which, combined with knowledge and experience, permit us to offer bulbs of the greatest blooming value.

GUARANTEE. Inasmuch as we grow our own stock, we can guarantee it absolutely true to name and we will gladly replace any that proves otherwise.

VARIETIES. In presenting varieties we do not offer long lists but those kinds only which experience has taught us are best.

UNUSUAL FLOWERS. You will find, herein, many rare and unusual bulbs. As bulb specialists it is our desire to add to American gardens the finer things gathered from the four corners of the earth.

PRICES. Our prices are the lowest possible consistent with the quality of bulbs we send out. We do not attempt to compete with dealers of inferior stock which is much more expensive in the long run.

TERMS. Cash with order for immediate delivery. When goods are held for future delivery, a deposit of one-fourth is asked.

DELIVERY is by parcel post prepaid free anywhere within the United States, its possessions, and Canada, unless otherwise noted.

Spring Blooming Bulbs for Fall Planting

TULIPS

We offer the finest bulbs that can be obtained anywhere. The varieties we present are the best of their type and color and are the cream of the long lists of kinds so frequently catalogued by seedsmen.

JAPANESE IRIS

This wonderful broad-petaled iris is one of the most handsome subjects one can plant. It grows readily in any soil but prefers a sour, moist location that is not too soggy. All varieties listed are extremely large and are among the finest in cultivation. Quantity growing enables us to offer at low prices.

- No. 1. Large flowers, dwarf plant. Standards purple, falls white covered with purple veins.
- No. 2. Huge flower. Yellow center surrounded by blue which shades into purple.
- No. 3. Huge flower, lined and shaded from light to medium blue.
- No. 4. Lavender standards, white falls overlaid blue and purple.
- No. 5. Lilac standards, white falls.
- No. 6. Dark bluish-purple. Rich coloring.
- No. 7. Reddish purple, lightly flaked white.
- No. 8. Three petaled white, dwarf habit.
- No. 9. Late plum-purple with large golden eye, 6 petals.
- No. 10. Purple oddly mottled white.
- No. 14. Very tall pure white, 3-6 petals.

JAPANESE IRIS—Cont.

No. 15. Purple standards, falls heavily veined blue and purple.

Any of the above varieties 50c each, \$5.00 dozen for strong divisions. Smaller divisions at half price.

NARCISSI

(Add postage beyond 2nd zone)

Narcissus is the general name for all daffodils, jonquils and similar flowers of this wonderful group of bulbous plants. So great has been the improvement of this flower in Europe that one has only to see some of the recent novelties to understand the furore of admiration they have stirred up in England, Holland and elsewhere. The finest of these novelties have only just reached America and are in the hands of a few growers, most of whom are located in the Pacific Northwest. Through an unusual cooperative arrangement we are able to be the first to offer a considerable number of these marvelous novelties to the American public. The ones herein listed have been the wonders of the 1929 shows in the Pacific Northwest and in Europe.

(Large Trumpets)

ABIAD. (Novelty). White perianth, soft yellow trumpet. Each \$4.00.

AEROLITE. (Novelty). Bright yellow trumpet and perianth. Each \$1.00.
